

CS 440 Meeting Minutes

Group 1 Date: 10/22/21 Time: 9:00PM Duration: 60 Minutes

Present, on time: Andy Hansana, Kevin Elliott, Ryan Crowley

Present, not on time: N/A

Absent: Vincent Weaver

Synopsis: The purpose of this meeting was to update each other of progress on the second release, as well as dividing out which parts of the development project needed to be completed, and dividing the work evenly.

Recent Accomplishments:

- Andy worked on functionality with maps.
- Kevin improved the notification system.
- Vince is still working on the login screen.
- Ryan implemented new data structures catered to efficiency because of slower run times.

Current Activities:

- Andy: Continue working on map implementation, and work more on the development project due this upcoming week.
- Vince: Working with Andy more on map implementation as he has been struggling to import it.
- Kevin: Adding variations to the types of notifications.
- Ryan: Populating screen with stops needing repairs using coordinates

Action Items:

- Kevin: Organize different types of notifications.
- Ryan: Find stops with unavailable docks and display their location in listview with actual location not just coordinates
- Andy: Work with the group as a whole for finishing up the second part of the development project
- Vincent: Adding relevant regions to the map such as being able to see local parts of Chicago rather than the whole map.
