CS 440 Meeting Minutes

Group 1 Date: 10/26/21 Time:9:00PM Duration: 45 Minutes

Present, on time: Andy Hansana, Kevin Elliott, Ryan Crowley

Present, not on time: Vincent Weaver

Absent: N/A

Synopsis: The purpose of this meeting was to update each other of progress on the second release, as well as deciding what to touch up on as the deadline for the second demo is one week away.

Recent Accomplishments:

- Andy worked on troubleshooting functionality.
- Kevin tested multiple different data structures for storing login info.
- Vince is working on the login screen.
- Ryan experimented with ways to convert coordinates into easier-to-read locations.

Current Activities:

- Andy: Polish off all functionalities for demo this upcoming Friday.
- Vince: Working with Andy more on map implementation as he has been working to import it.
- Kevin: Adding a final version of logging in so that data can be directed to the rest of app more easily
- Ryan: Populating screen with stops needing repairs using coordinates

Action Items:

- Kevin: Remove old versions and features that we don't plan on keeping in.
- Ryan: Find stops with unavailable docks and display their location in listview with actual location not just coordinates
- Andy: Get started on test collaboration and code analysis between group members.
- Vincent: Adding relevant regions to the map such as being able to see local parts of Chicago rather than the whole map.
